

UNITED STATES DEPARTMENT OF THE INTERIOR
MINERALS MANAGEMENT SERVICE
GULF OF MEXICO REGION
FILE DESCRIPTION REPORT
ASCII Format

Coverage Name:

8316 5 & 10 Year Lease Lines

Coverage type: line

Export Filenames: leas510.data
leas510.gen

For this geo dataset, two files are provided - 1) a coordinate file and 2) an attribute file. The coordinate file contains the longitude/latitude locations for the geo dataset. This file will have a .gen file extension. The attribute file consists of the attribute information for the geo dataset. This file will have a .data file extension. The id number that can be found in both files can be used to associate the records from the coordinate file with their corresponding attribute records in the attribute file.

.GEN file: for 5 & 10 Year Lease Lines

filename: leas510.gen

This sample listing would be for one arc.

.DATA file for 5 & 10 Year Lease Lines:
(filename: leas510.data)

6
"W5YR40"

This sample listing would be for one arc.

Definitions:

ID_NUMBER - The first line for each arc contains an id number that corresponds to the id in the leas510.gen file.

LINEID - The second line is a line identification label for the arc.

BLANK - The blank line represents the end of the attributes for one line segment.
